

# PTZ Mounting Brackets

\*All full size PTZ domes come standard with the wall mount bracket included - cannot be substituted.

## RPTZ-Pole1

**Pole Mount Adapter** for use with the wall mount bracket. Stainless steel bands can fit up to a 7 1/2" diameter pole.

## RPTZ-Corner-I

Used for mounting to **Inside Corners.**  
(May be used indoors or outdoors)

## RPTZ-Corner-O

Used for mounting to **Outside Corners.**  
(May be used indoors or outdoors.)

## RPTZ-Ceiling-4

Used for mounting PTZ Domes to a ceiling, beam or any other top mounting situations - 4" Length.

## RPTZ-Ceiling-3ft

3 Foot Ceiling Drop Mount

## RPTZ-Ceiling-6ft

6 Foot Ceiling Drop Mount. Can use 1 section for wall mount & the rest for drop length - just one example.

## RPTZ-L

"L" Bracket for down turn from sidewall mounting

## RPTZ-Parapet

For Mounting PTZ Domes to hang over **Parapet Roof Walls** (these types of walls may also be called "stem walls" - typically the roof is flat and the outside walls extend 2-3 ft. above the roof line).

Approx. 4'9" tall & extends the dome out 3'3 1/2". Approx. 37lbs. shipping weight.

**See attached page for specifications.**
